Once again it has been brought to my attention that there are some errors and omissions from the results I sent you.

At least this time it was not my fault. There was a bit of a brain freeze up north and a technical hitch down south. I do not think it fair that I judge others by their mistakes and felt it was reasonable to rectify these problems and I am only too glad to see that I am not the only one who makes boo boos.

I hope that there will be a good representation from the various clubs to our AGM and presentation lunch and look forward to seeing you all there.

Cheers

Sanchia
