Well the weather wasn't too great but they managed to get some good results at the Jervis Bay White Sands Tournament. From all accounts the club did a great job and there were some very nice captures as well as tag and release. They were well supported by their members and show some good results in the monthly point score. It was encouraging to see boats from a number of other clubs also participate and get into the fish and the points.

Unfortunately the weather is a vital component in any of these events and something we have absolutely no control over. To make matters worse the forecasts are not always that accurate either which makes it hard for people trying to decide whether to enter or not and sometimes travel quite some distance. At least we are all in the same boat with this. (excuse the pun!)

The NSWGFA Interclub is looking good and I know we have a number of members fishing it this year which is terrific. The Mid Week tournament is a one off and is tag and release only with substantial cash prizes so well worth the effort. Please consider entering this event and represent your club and zone. I believe it is something you should all try and do at least once and gain memories that will last for years.

A mid season meeting is scheduled for Saturday 14<sup>th</sup> January 2012 at the Catalina Club commencing at 7.30pm. Please let either Gail or myself know who will be representing your club. Attached are minutes from the previous meeting and an agenda for this one. Please let me know if your club has further items to be added to the agenda.

Batemans Bay GFC and Bermagui BGAC both have their tournaments in January so hopefully they will be well supported. Remember, if you do not go to theirs, why should they come to yours!

***Wishing you all a happy and healthy holiday season  
and a great year ahead.***

Stay safe and enjoy your fishing.  
Sanchia
